

**VolcanOscars**  
**Cities on Volcanoes 10**

Films can be a memorable way of raising awareness, educating or simply sharing the joys of volcanoes and volcanology. As technology advances researchers are finding increasingly creative ways to produce and share these films, abetted by the proliferation of distribution platforms. This session aims to celebrate that creativity and share ideas as well as our love and fascination for volcanoes and volcanic phenomena.

**Date:** evening September 6<sup>th</sup> 2018, 19.15 -20.45

**Where:** Conference Center Mostra d'Oltremare, Room Sardegna

Submissions have been invited in the run up to CoV10 in one of three categories:

- (a) films created or edited in collaboration with professional film-makers
- (b) films created or edited by scientists/researchers
- (c) films created and edited by early-career researchers (up to 5 years post-PhD Award).

**The winners of each category will be decided via public vote during the Festival Session and will be announced at the Closing Ceremony.**

Hosts: Jenni Barclay (UEA); Anna Hicks (BGS); Micol Todesco (INGV) and Mary Anne Thompson (U. Auckland)

*Winners of the three categories receive a special handmade gift gently offered by "D'AVANGEM", Nola (NA), Italy*
