

Labs for children at CoV 10

Dr. Adriana Nave as president of Associazione Scintille, and convener of Session S03.16 at CoV 10, organised 3 free activities for children, to create a little volcanic community and also to give a little help to the delegates who will bring their children with them to CoV10.

These activities, for children from age six, can be carried out in the gardens of Mostra d'Oltremare.

The calendar for the labs is:

September 3 Monday: 9.15-10.30 “ Volcanoes in the World”

September 4 Tuesday: 9.15-10.30 “ The shape of volcanoes : Vesuvio and Campi Flegrei”

September 6 Thursday: 9.15-10.30 : “ Volcanoes in the Solar System”
